Subject: Required Annual AHERA Notifications

In compliance with the US Environmental Protection Agency (EPA) Asbestos Hazards Emergency Response Act (AHERA), we had inspections conducted in our school building for the purpose of identifying asbestos-containing building materials (ACBMs). No ACBMs were identified. The inspection findings were included in an asbestos Management Plan, which has been on file in the school administrative office since then.

The Asbestos Program Manager, Khaled Al-Zoubi, PE, is available to answer any questions about asbestos in our building.
